

Ted Kulinski – This is my Life

Someone stole my pen so I forgot to take any notes – sorry – hence there may be some errors of fact – but as they say do not let the facts get in the way of a good story!

Ted gave a very interesting “TED” talk last meeting, outlining his career in the area of environmental management.

Starting with rowing up the Derwent River checking water and sediment quality – which is why he does not now eat anything caught in the river!

To 30 years working for Cadburys, mostly on the North West Coast, out of their Cooe factory visiting farms all along the coast.

After leaving Cadburys he branched out and is now contracting in the same area, working for anyone who wants environmental evaluations done.

As another one of the Club’s newer members, Ted is already making a significant impact in his wholehearted support for RCOL activities. Welcome Ted!

(A big thank you to Pp Richard for the above notes in the Bulletin Editors absence)

Members listening “intently” to what Ted had to say!

Reminders from President Mike

A reminder that our Guest Speaker this week will be talking about the Maritime Museum which is a topic of general interest that some of your friends might like to know more about.

It is a great opportunity for every member to invite a friend so that they can see what Rotary is about.

There is no obligation for them to join, just having more people know what we do is enough. If you

have a friend coming along could you please let Richard know for catering.

Blundstone Arena Tour

Eleven RCOL members and guests went to Blundstone Arena on Monday night with our colleagues from the RC of Bellerive, for a tour of the facility, followed by drinks and nibbles at the Bellerive Yacht club.

Club Commitments

There have been a few changes to our commitments in the past week:

- We will no longer do the Carols at New town as they will be done by the RC of New Town.
- The Symphony under the stars will not be in the South this year.
- We have declined to undertake the Corpus Christi Fair because we could not identify a safe route for the train.

Never-the-less we will be quite busy between now and the end of the year.

We will be looking for staff to operate the train at the Royal Hobart Show and will chase potential helpers shortly.

Group 2 Forum

Please put Thursday the 24th October in your diary for the Group 2 forum at the Geilston Bay Boat club.

The guest speaker will be Professor Simon Brown, who will talk about the evolution of a Rotary Tasmania Project - supporting the State Aeromed/ rescue helicopter to become the highly sophisticated platform that it is now.
