Update from our President

Thank you everyone for helping to make the last two meetings such a great success. 'Not the Change Over Meeting' was enjoyable and you all seemed to survive the speeches. It is great to have been able to welcome Tanvir and Tanvi into our Club. It was also nice to be able to personally thank the outgoing District Officers Michael Cooke and Ros Teirney for their hard work and the support they have given our Club over the last few years.

Last week's social evening was also enjoyable with 40 members, partners and friends joining us at the PATTEX Distillery. A big thankyou to Rotarian Raj Singh and fellow Director Stephen Parry for making us so welcome. The story of how the Distillery was established and the lesson in distilling was almost as good as getting to taste their product. Thankyou also to Nancy and her friends for the wonderful Indian meal supplied by 'Your Mini Mart Indian Grocery' from Bayfield Street, Rosny Park.

This week's meeting will also be epic with the new DG Michael Plunkett visiting the Club to tell us all about 2020-21 and the theme for the year "Rotary Opens Opportunities". We will be joined by members of the Rotary Club of Bellerive and our Satellite Club "Clarence Sunrise". There will be inductions into both Bellerive Club and Clarence Sunrise. We will be welcoming James Cockerell and Jackson Scott-Wade into our Club and Clarence Sunrise. It will be a partners night, but we will need you to book a meal if you want one. Social Distancing will again be a big issue as the Bowls Club are expected by law to follow the directives they have been given.

I am rapidly coming to the conclusion that lots of you don't read the Bulletin so if you have read it, please tell me you have on Wednesday night.

President Mike

Everything You Need To Know

Did You Know?

At the last club meeting those assembled agreed to the following alterations and additions to the club guidelines:

- An awards guideline was adopted.
- The trailer, bbq trailer, Tommy and the truck are all the property of RCOL (Rotary Club of Lindisfarne). The treasurer will ensure that they are all registered for use on a public road and will notify the D.O. (Director of Operations) each time this is done.
- All guidelines will be referred to each year to ensure they are current and relevant.

THEY SAY THAT LAUGHTER IS THE BEST MEDICINE!

(with thanks to Members of the Club for sharing these via email or on social media)

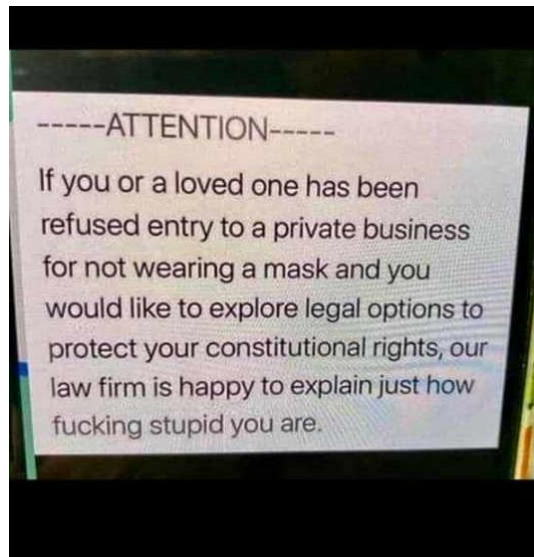

Interviewer: Got any special skills?

Me:..

Just ordered my new mask!

Road Safety Education Limited provides quality road safety information to youth to help ensure that when they commence driving with quality tires, they have the best road safety education possible.

Road Safety Education Limited (RSE) is a not-for-profit company that has developed a road safety education program specifically designed for youth in our community. RSE's evidence based RYDA Program is facilitated in partnership with Rotary Clubs in Australia and presented by professionals.

The RYDA Program was developed in response to the tragic loss of young people in road crashes young people aged 17-25 represent less than 15% of the population yet account for around one quarter of deaths and injuries on our roads. The program is a community road safety initiative to deliver practical road safety information targeting the "attitude and awareness" of young drivers and passengers.

The RYDA Program is for senior high school students (16-18 years old) and assembles in a coordinated presentation, community road safety experts to deliver sophisticated, integrated and powerful road safety education to young people at the beginning of their driving lives.

An information flyer on the RYDA Program can be downloaded [here](#).

More information on Road Safety Education Limited (formerly RYDA Australia Limited) can be found in our 2019 Concise Annual Report.

- RYDA is a very important Rotary project that helps grade 10 students gain an appreciation of the responsibilities and possible negative impacts of gaining a drivers license.
- This program has been run now for all grade 10 students in Tasmania by Rotary Tasmania with volunteers from all clubs for many years.
- Planning is now under way for this years sessions at the Hobart Showgrounds from the 24th August through to the 13th September. (Mon-Fri)
- What is involved is for a Rotarian to escort students around the show grounds between the different information sessions. Teachers are on hand to supervise them.
- It is a very interesting and worthwhile day usually consisting of six sessions between 9am and 2:30pm. Morning tea and lunch are provided.
- You might even learn something new yourself.
- Please consider volunteering for a day or two (or more) and let Secretary Richard know ASAP.
- At the moment RYDA will proceed but as we all know anything could happen in the next few weeks.

A Coved19 Comment for ‘Not the Changeover’ Dinner
(Jean Grosse- with acknowledgement to Jan Beaumont, NZ)

I’m normally a social bird who loves to meet & hug my mates
But since we’ve had the virus here, we can’t go out the gates.

And it doesn’t really matter if you’ve always been a hugger
The virus rules say we’re ‘*distancers*’ all I can say is ‘*bugger*’!

Oh I am one of the ‘oldies’ now, who’s supposed to stay inside
If you haven’t seen me for a while, you’ll think I’ve upped and died!

You’ll never know the things we did before I got this old
There wasn’t any Facebook then, so not everything was told.

We may seem like sweet old ladies who would never be uncouth
But we grew up in the sixties- if you only **knew** the truth.

There was sex and drugs and rock ‘n roll, the pill & miniskirts
We smoked, we drank, we partied, & were outrageous flirts.

Then we settled down, got married, & turned into someone’s mum,
Somebody’s wife, then Nanna, who on earth did we become?

We didn’t mind the change of pace because our lives were full
But trying to bury us now, **before** we’re dead, is red rag to a bull!

For I must be stuck inside now, for three months - maybe more
I was lucky I could buy enough toilet rolls, before I shut the door.

It’s begun to really bother me, just whiling away the hours-
I’d bake some cakes for the grandkids, but I’ve got no bloody flour!

They say Netflix is just wonderful - I do like a gutsy thriller-
Or I can swoon all over Idris, or some random sexy killer.

They say that I’ve got Facebook to keep all my friends in touch
But the thing doesn’t value privacy - so I don’t like it very much

They say you can still have meetings if you get yourself on Zoom
But they ain’t really meetings, when you’re all in different rooms.

At least I’ve got a stash of booze for when I’m being idle
There’s wine and whisky, even gin, for when I’m feeling suicidal!

So let’s all drink to Lockdown, to our recovery and health
And hope this bloody virus, doesn’t totally decimate our wealth.

We’ll all get through this crisis, now we’re back here with our mates
But remember social distancing as you squeeze out through the gates!
