

Last Official Meeting - Annual Xmas Dinner

A great night with a really good attendance & of course a poem from Jean!

..and Clarence Sunrise Inducted 3 New Members!

..Chris W was awarded a well deserved Paul Harris Fellow!

..and there were a lot of very happy raffle prize winners!

Update from our President

Welcome back to our Rotary routines. I hope you all had an enjoyable break. It was good to catch up with many of you at the Pizza night on 20th January. We have a wonderful guest speaker this week and partners are very welcome to join us. We will also be very pleased to induct Amanda and Marcus Excell. If you haven't let us know you are coming, please do so as quickly as you can to help the caterer.

A big thank you to those who have been busy during January, including a Bunnings BBQ and those who have prepared/repared Tommy so that it will be ready this week to return to duty. A special thank you to Ted Kulinski who has prepared a funding submission to cover the cost of a new mower and whipper snipper for the Risdon Vale Neighborhood House. Fingers crossed it is successful.

There have been a few pieces of correspondence I would like to draw to your attention. Some are attached to this bulletin and some will have come to you directly:

- Rotary Down Under (Our monthly Rotary Magazine) should have arrived in your email today, except for Phil who gets a hard copy. If you didn't get it, first check your Spam file and if it is not there let Richard or I know so that we can check out why you are not getting it. There are several good articles in this edition including details of Rotary Peace Projects, outlining the eight pillars of peace and strategies for conflict resolution within Clubs. Please get in touch with me asap if you ever experience anything that makes you feel uncomfortable in our Club.
- This year's District Conference is being held in Launceston March 26-28 which is only eight weeks away. This is a very informative weekend and would be a great way for new members to find out about all the many facets of Rotary in Australia and overseas. If we get a group together, we could all book at the same venue and make a weekend of it.
- The Tasmanian Science and Engineering Challenge series is (still) scheduled for March 2021! This is a Rotary Sponsored Program and this year will be in Hobart from 16th to the 19th March. Every year they ask Rotarians to act as support staff at the University. It is a great way to meet other Rotarians and contribute to the future of some of the best high school Science Students in the State.
- International Women's Day is a global day celebrating the social, economic, cultural and political achievements of women. The Rotary Club of North Hobart's Cocktail Party on Sat 7 March The Hon Ruth Forrest MLC, Tassie's finalist in the Voices of Influence awards recently, has graciously accepted the role of keynote speaker and will tell her story. Margot will be attending and it would be great if some other members of the Club could join her. Again, it is a great way for new members to find out more about Rotary.

- I received an unexpected message from Rotarian Suren Poruri, Past President of Secunderabad West , RI District 3150, from India. His message said, “Your rotary club of Lindisfarne was chartered on 6-1-1973 , which is today. I would like to extend my warm wishes to you and to all your club members on this joyous moment.” It is a nice way for him to remind us that we have been a Club for 48 years. We will have to do something about a celebration in 2023
- If anyone is interested in finding out more about all the many Rotary Youth Projects there will be a Rotary Youth Forum on Saturday, February 20th The venue is Longford RSL, 78 Wellington Street, Longford, 10-2pm with coffee at 9.30 am and lunch at about 12.30pm. Please talk to me if you are interested in attending.

JANUARY BBQ PICTURES

PYTHAGORAS

Everything You Need To Know

Did You Know?

Members are asked not to use intemperate language when working near the truck. Despite their 'macho' image, trucks are really quite sensitive!

THEY SAY THAT LAUGHTER IS THE BEST MEDICINE!

(with thanks to Members of the Club for sharing these via email or on social media)

Life is amazing. And then it's awful. And then it's amazing again. And in between the amazing and the awful its ordinary and mundane and routine. Breathe in the amazing, hold on through the awful, and relax and exhale during the ordinary. That's just living heartbreaking, soul-healing, amazing, awful, ordinary life. And it's breathtakingly beautiful."

- LR Knost

..the infamous "Gabezo" sign finds a new home (thanks Kesh!)
