

Last Meeting

Kathy Hancock - New Member Talk

Kathy gave us a very comprehensive summary of her life. As a 5th generation Tasmanian, she has lived in Lindisfarne/Geilston Bay most of her life.

After leaving school Kathy went to Drysdale House for 2 years and then spent 4 years as a cadet with the Four Seasons Hotel Chain. In 1990 Kathy had her first daughter and in 1999 she joined Origin energy and worked for them for the next 10 years.

Kathy travelled to Canada & Alaska in 2015 and has done a Certificate IV & Diploma in Business. One of her more unusual hobbies is scuba diving!

Kathy lost her husband to dementia in 2019 and decided she wanted to join a community organization & we are so glad she chose this Club – welcome Kathy from all of us!

Winners are grinners – “Heads & Tails” champion on the night!

Update from our President

All is well in sunny Tasmania. Weather on the East Coast has been perfect.

(Editor Note: Not quite the same for the Bulletin Editor who is sending you this Bulletin from a rain drenched "Sunshine" Coast!!!)

- This week's meeting will be even more memorable with the induction of Samantha who will be the 15th member of our satellite club Clarence Sunrise.
- Planning is all systems go for Trash and Treasure on 18th April. There have been lots of people booking tables and we will need all hands on deck to make it a success. Covid means we need even more people helping than usual. I will ask for volunteers on Wednesday.
- Now is a good time to put your name forward if you would like to join the Club Board. Talk to Stephen Bray if you would like to contribute to the club in this way

July 7	Changeover dinner	

PYTHAGORAS

Everything You Need To Know

Did You Know?

Who has the better chance of winning the 2021 AFL Grand Final? Carlton or Tommy Choo Choo?

(Disclaimer: These are not submitted by the Bulletin Editor, rather by someone who looks a bit like Pythagoras!)

Barefoot Bowls Night

A good night on Wednesday with about 50 in attendance from 4 clubs, including DG Michael.

About 30 had bowling lessons from some club members then followed a BBQ dinner with salads provided by members.

In total about \$1,100 was raised for mosquito nets for Timor Leste

Risdon Vale Community Centre Update from Ted K

Some months ago the RV neighbourhood centre [RVNC] requested a number of items, that would make their centre run more safely and efficiently. These were adopted by RCoL as worthwhile items and the board of RCoL supported these as projects for the club. These were:

- a. A shelf system and dividing wall between food handling and child playgroup activity. Completed some months ago
- b. Some purpose built cupboards to aid food distribution for the many clients of the centre. Just done.
- c. A small ride-on mower and some other gardening equipment to aid faster mowing of a large area of lawn, requiring aged volunteer labour to complete, and so has been some-what ad-hoc.

Well, the first 2 items have been completed, with contributions of labour and assistance of Chris W, John C, Ted L, and non-member Ben D'Andrea, who happened to be checking us out at a Wednesday showground gathering, at a time that extra hands were needed to varnish the shelving. Many thanks to all who helped at the various times. Total cost has been minimal for both items, as much has been donated/sourced. Ann from the centre is very happy...

The last item has been requested thru a grant of monies available in the Stronger Communities Program, from Julie Collins MP, and has passed the first part of the approval process. We now wait in suspenders...

Meanwhile, we [RCoL] have donated a number of food items and books in the past few months. These have also been keenly received each time.

THEY SAY THAT LAUGHTER IS THE BEST MEDICINE!

(with thanks to Members of the Club for sharing these via email or on social media)

* Eat whatever you like because -
The inventor of the treadmill died at the age of 54
The inventor of gymnastics died at 57
The world bodybuilding champion died at 41
The best footballer in the world, Maradona, died at 60
And then -
The KFC inventor died at 94
The inventor of Nutella died at 88
The cigarette maker Winston died at 102
The inventor of opium died at 116 in an earthquake
The inventor of Hennessy died at 98
How did doctors come to the conclusion that exercise prolongs life?
The rabbit is always jumping but it lives for around 2 years and the turtle that doesn't exercise at all, lives over 200 years.
So, rest, chill, eat, drink and enjoy life.

They cancelled your feelings
They cancelled your thoughts
They cancelled the Dr. Seuss
Books that you bought
We'll cancel your culture
And history they said
They even cancelled
Poor Mr. Potato Head
They'll cancel your clothes
And the shoes that you wear
They'll cancel your opinions
And the style of your hair
You warriors of justice
I ask you to please
Stop trying to cancel
The air that I breathe
For I live in Australia
The Land of the Free
And one thing is certain
You won't cancel me!

Yorkshire holds its breath as main shipping route of flat caps, whippets and ale is blocked. Ernie Slatherswaite, Master of the vessel told us 'One minute we were fine then a small gust of wind took us. Yorkshire is set to lose upwards of £3.67 a day until the carnage is cleared, which according to Our Uncle Eric in the pub, could take weeks.
