

Last Meeting Anna West - How the Modern Pharmacy Serves the Community

Anna & Helen from TerryWhite Chemmart Lindisfarne Pharmacy talked about some of the modern services their pharmacy delivers – these include:

- Home delivery of medications & supplies
- Flu Shots
- Blister packs of prescribed medications
- On Line ordering with either delivery or click & collect of orders
- Pharmaceutical review of medications being taken
-and of course great customer service!

Based on the number of questions after the presentation, members attending were very interested to find out more about the services offered. Thank you Anna & Helen for a great insight into one of our local businesses.

.....and President Mike inducts another 3 new members!

Welcome Emma (Satellite Club) and Elizabeth & Grant (RCOL)

RCOL Presentation to the Risdon Vale Neighbourhood Centre made possible by a “Stronger Communities Grant”

Update from our President

District Assembly was held on 22nd May in Deloraine. The District Budget for 2021-22 was set so all our Club Board needs now is the July exchange rate for US\$ so that they can set the annual membership fee for our Club. It is likely to be at least \$20 more than last year.

There were two main themes at the District Assembly. The first was a focus on membership and Mark Huddleston, the guest speaker gave a detailed outline of the importance of changing how clubs organise their meetings, look after their existing members, find projects that members can get enthusiastic about, be inclusive when recruiting new members and above all have fun together. The second part of his talk was about the need to start new Rotary Clubs that were different in some way to the existing clubs around them. The Rotary Club of Lindisfarne was mentioned as a good example of what was being suggested at least half a dozen times, but so were West Burnie, Howrah, North Hobart and Sandy Bay, who are all doing well this year.

The second theme was Incoming District Governor Heather Chong's call to arms for clubs in District 9830 to find some sort of project for 2021-22 that will benefit the homeless in Tasmania. Our Satellite Club, Clarence Sunrise has hit the ground running and has already started collecting food hampers to help City Mission feed people over winter. The challenge is just in time for incoming President Stephen Bray to take on.

Last Friday RCOL handed over a new ride on mower, a whipper snipper and consumables including safety equipment, to the Risdon Vale Neighbourhood Centre. This was made possible via a Commonwealth Government Stronger Communities Grant, made available by Julie Collins office. A big thankyou to Chris Woodward and Ted Kulinski who identified the need with the Neighbourhood Centre, applied for the Grant and purchased the equipment. Ted & Chris were there on the day for the handover with Julie Collins and were thanked by everyone involved.

Don't forget our social event at the end of this month. Put 30th June in your diary now. More details this Wednesday.

The District Changeover Lunch will be at noon in Campbell Town on Sunday 27th June. If any of our new members would like to attend they would be very welcome. It would be a good way to meet Rotarians from other Clubs and should be a good day. Talk to me on Wednesday if you are interested.

Our Changeover Dinner this year will actually be a change over and will be on 7th July at the Bowls Club.

Congratulations to Howrah and Lindisfarne Rotarians...what a pleasant surprise it was to find Rotarians acting as volunteer marshals at the Rosny COVID-19 Vaccination Centre (and being so tactful about the questionnaire pages I'd missed).

If you're over 50 and haven't had your vaccination yet, you can book at a Community Clinic at [Tasmanian Vaccination Booking System \(oracle.com\)](https://www.oracle.com.au/rotary/vaccination-booking) or you may be able to receive the vaccine from your GP.

Britannica and Rotary

'Well-illustrated and info-packed, this is a wonderful encyclopedia for the curious kids in all our lives.'

Mary Pope Osborn

Author of the bestselling Magic Tree House book.

'A book of wonders and a wonderful book!'

Anthony Horowitz

"As grandparents we recognise and value the specific research that Encyclopedia Britannica has put into this special edition in partnership with Rotary. We know children through reading will be taken on fantastic trips and their imagination stirred to grow and enjoy life."

Tippy and Geoffrey Wood, Thailand.

"Yep. Lots of kids in my class will like this book. I do! It's got lots of action pics. Straight forward writing."

Ella ...

"Cool. All mixed up and I like it! My friends will read that. No probs."

Partnership between
Rotary and
Encyclopedia Britannica

This one-book Britannica is 'partner printed' with Rotary.

Includes a special Rotary message from the President-elect as a frontispiece.

A book you can trust in an unreliable world, with every page verified.
Designed topically, to inspire kids and their curiosity.

424 pages, 1000+ illustrations, and 100+ expert contributors.

"Unlike some other publications of its ilk, the Britannica All New Encyclopedia ... uses a narrative format to tell the story of the world from the beginning of time to the present day and even into the future. It covers history, STEM subjects, animals, and more." - The World's Video Wiki

Perfect for ages 8-14 (and beyond).
Kid-friendly interviews with the experts, inspiring youngsters to wonder,
"Could I be a Scientist, an Engineer, or an Artist too?"

Engaging quizzes that test knowledge and reinforce their learning.
Sturdy library binding for years of use by multiple readers, which is critical in the developing world.

When you teach somebody how to read, they have that for a lifetime.

It ripples through the community, one by one.

Basic Education & Literacy

More than 775 million people over the age of 15 are illiterate.

That's 17 percent of the world's adult population.

In Tasmania, it is clear that in the adult population almost 50% are functionally illiterate.

Our (Rotary) goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

Action needs to be taken at the early stages - while children are still curious.

Let's take action today!
