Last Meeting

Bill Lark

How good was Bill Lark, another excellent speaker. Well done to Catherine for organizing Bill to come to our humble meeting.

What we got from Bill's talk was how he and his wife set up the distillery, the history of distilling in Tasmania and the process of distilling whisky. Bill had a remarkably smooth journey to becoming the first Tasmanian distiller for over 150 years. He received enthusiastic assistance from the authorities to get various laws changed as well as advice from distillers in the homeland of whisky.

For some of us, our knowledge of whisky was limited to that you can buy it from a bottle shop. Now we know the difference between single malt, blended scotch and bourbon. Although the distilling process is important it seems that it's more about the quality and type of barrel that makes a good whisky.

Daniel generously made available part of his collection for the tasting, which was very popular (refer photo) and Raj introduced to us the recently released Section 44 Whisky.

Next Meeting

Val Manuelpillai – Rotary Interplast Project Director – How Interplast transforms lives

Interplast is an Australian charity that sends teams of volunteer plastic and reconstructive surgeons, anesthetists, nurses and allied health professionals to provide life-changing surgery and medical training in 17 countries across the Asia Pacific region.

They are involved in creating the quality of life for people who have a disability which is a result of a congenital or acquired medical condition, such as burn scar contractors, cleft lip and palate. RSVP:

Meeting Roster

7 June Val Manuelpilla – How Interplast transforms lives

Chair: P Morgan **Reception:** Kathy H

We are moving to the Motor Yacht Club

We will be moving our meetings from the Beltana Bowls Club to just down the road to the Motor Yacht Club of Tasmania. This will start from July.

Our first meeting at the Yacht Club will be at our changeover on the 5th of July.

The benefit for us is being able to purchase meals from their extensive menu, good bar facilities, a dedicated meeting area and the décor is more modern.

For those who were at the 50th anniversary celebration, we will be using the same room but will be cordoned off to about half the size.

The Bowls Club has been good to us over the years, and we thank them for giving us full access to their facilities. They said we are welcome back anytime.

Banjos Lindisfarne

We have been very fortunate that Banjos Lindisfarne has been very supportive of our Club and asking nothing in return.

They have no hesitation in donating bread for our various Bunnings outings and major events such as Sleep Rough.

President Report

My two-year term as President is rapidly drawing to a close and I would like to do an advance thank you to all of you for your support and assistance over the last two years.

I won't be at the next meeting and our incoming President Nigel, has volunteered to run the things for me. Guest speaker will be Val from Interplast. I know a few of you in the Club have a personal interest in this part of Rotary so it should be a good night.

Last weekend was a busy one with the making of pumpkin soup for the Sleep Rough event followed by Bunnings on the Sunday. Our Sunrise colleagues did a marvelous job in running the "soup kitchen" on the Friday night as well as the BBQ the next morning. There were quite a few people involved in Sleep Rough being from our Club, Sunrise, Inner Wheel and various partners and others which I can't thank you enough. Special thanks to Sunrise for taking charge and Peter Morgan for his organisational skills (and for Bunnings).

Delicious at it was, I daresay pumpkin soup for most of us is off the menu for a while.

Our humble Treasurer informs me that we netted \$1,200 on Sunday's Bunnings. The gods were shining on us with relatively fine conditions for May given the gale winds the day before and after. There were some unusual requests such as gluten free bread, onions no sausage, sausage no onion or bread (but with sauce) and special request for a charred sausage.

Footnote:

My lovely wife, Lexie, had twice as much to complain about me after arriving home on Friday night smelling of pumpkin and then Sunday afternoon of onion & sausage combination. However, the dog got quite excited (by the smell not me)!

- President Stephen

Out and about

Nepal

Thank you sooo much Margaret Congram and her team for the short visit to our Barista class and sharing your experience as well as encouraging our students to do good deeds....

We are grateful to have you here at Cocina Mitho Chh

Sleep Rough 25th, 26th & 27th May

Bunnings 28th of May

Did You Know?

On Thursdays you are welcome to join the coffee group at Currency (10am) or the golf group at Richmond (8:30am)

There are regular get-togethers outside our meetings.

At Currency, on Thursday mornings, both current and past members enjoy coffee and catchup on Rotary stuff and generally have a gossip session.

Also, on Thursday mornings (but not every Thursday) a group of dedicated golfers spend a pleasant golfing and coffee morning at the Coal Valley golf links. If you speak to self-professed professional, Peter O'Hern, he will let you know that the golf standard is quite high but generally speaking it is open to all. Note Peter's definition of high standard is a little different to the dictionary meaning.

Yes, that is frost and no, they don't always play in conditions like this!

Thank you for helping out at Kangaroo Bay Markets, Bunnings and Sleep Rough (especially to those who did a double shift)
