Procedure for Ordering Meals

To make it easier for the serving of meals the procedure for ordering has been changed slightly.

Rather than members being allocated an individual number when placing their order each table will now be allocated a number.

Upon arrival members are requested to choose the table they will be seated at and advise the appropriate table number to the staff member taking your order.

Meals will now be delivered at 7:30pm which will allow sufficient time for presentations to be completed.

PRESIDENT'S REPORT

I think our first meeting at MYCT met with the approval of all those who attended. Indeed, things are already improving as this week MYCT installed a new audio visual system that will greatly enhance the delivery of presentations.

Matt Cocker, the Chief Operating Officer of Hobart Airport, delivered a very interesting presentation on the history and the future of the airport. Previous owners failed to plan for the future and it is acknowledged that a lot of work needs to be undertaken to catch up with what is expected now and for the years ahead.

Director of Operations David, would like to see a good roll up of members for the truck and Tommy training sessions and I encourage all members to get involved. Tommy is one of our main sources of fund raising and the more members who can operate this asset the better, particularly as we enter our busy season. Also, we are still awaiting a decision on the storing of Tommy at Elwick.

I have previously asked members to consider identifying projects that may be eligible for a District Grant. To date, two projects have been suggested – one is for the Tasmanian Bike Collective (formerly the Risdon Vale Bike Collective) and the other is for the Lindisfarne Scout Group.

At this time of the year the Club has to pay subscriptions and dues to RI and District, and this makes a big dent in the Club's bank balance. To minimize the impact of this members are requested to promptly pay their annual club subscription bearing in mind that this year subs have been reduced by 50%.

Yours in Rotary

Nigel G
